# Plan Details

## UnitedHealthcare® Group Medicare Advantage (PPO)

The LGHIB has chosen a UnitedHealthcare® Group Medicare Advantage plan. The word “Group” means this is a plan designed just for a former employer or plan sponsor, like yours. Only eligible retirees of local government units who have chosen to provide Medicare retiree coverage and their Medicare-eligible dependents can enroll in this plan.

“Medicare Advantage” is also known as Medicare Part C. These plans have all the benefits of Medicare Part A (hospital coverage) and Medicare Part B (doctor and outpatient care) plus extra programs that go beyond Original Medicare (Medicare Parts A and B).

### Make sure you know what parts of Medicare you have

You must be entitled to Medicare Part A and enrolled in Medicare Part B to enroll in this plan.

- If you’re not sure if you are enrolled in Medicare Part B, check with Social Security. Visit [www.ssa.gov/locator](http://www.ssa.gov/locator) or call **1-800-772-1213**, TTY **1-800-325-0778**, between 8 a.m. – 5:30 p.m., Monday – Friday.
- You must continue paying your Medicare Part B premium to be eligible for coverage under this group-sponsored plan. If you stop paying your Medicare Part B premium, you may be disenrolled from this plan.

# How your Group Medicare Advantage plan works

Medicare has rules about what types of coverage you can add or combine with a group-sponsored Medicare Advantage plan.

## ✓ One plan at a time

- You may be enrolled in only one Medicare Advantage plan and one Medicare Part D prescription drug plan at a time.
- The plan you enroll in last is the plan that Centers for Medicare & Medicaid Services (CMS) considers to be your final decision.
- If you enroll in another Medicare Advantage plan or a stand-alone Medicare Part D prescription drug plan after your enrollment in this group-sponsored plan, you will be disenrolled from this plan.
- Any eligible family members may also be disenrolled from their group-sponsored plan. This means that you and your family may not have hospital/medical or drug coverage through your plan sponsor or former employer.

**Remember:** If you drop or are disenrolled from your group-sponsored retiree coverage, you may not be able to re-enroll. Limitations and restrictions vary by former employer or plan sponsor.

### View your plan information online

Once you receive your UnitedHealthcare member ID card, you can create your secure online account at: [www.UHCRetiree.com/LGHIB](http://www.UHCRetiree.com/LGHIB)

You'll be able to view plan documents, find a provider, locate a pharmacy and access lifestyle and learning articles, recipes, educational videos and more.

<sup>1</sup>This means that the provider or hospital agrees to treat you and be paid according to UnitedHealthcare's payment schedule. With this plan, we pay the same as Medicare and follow Medicare's rules. Emergencies would be covered even if out-of-network.

<sup>2</sup>Refer to the Summary of Benefits or Benefit Highlights in this guide for more information.

## How your prescription drug coverage works

Your Medicare Part D prescription drug coverage includes thousands of brand name and generic prescription drugs. Check your plan's drug list to see if your drugs are covered.

### Here are answers to common questions:

- **What pharmacies can I use?**

You can choose from over 67,000 national chain, regional and independent local retail pharmacies.

- **What is a drug cost tier?**

Drugs are divided into different cost levels, or tiers. In general, the lower the tier, the less you pay.

- **What will I pay for my prescription drugs?**

What you pay will depend on the coverage your former employer or plan sponsor has arranged and on what drug cost tier your prescription falls in to. Your cost may also change during the year based on the total cost of the prescriptions you have filled.<sup>1</sup>

- **Can I have more than one prescription drug plan?**

No. You can only have one Medicare plan that includes prescription drug coverage at a time. If you enroll in another Medicare Part D prescription drug plan OR a Medicare Advantage plan that includes prescription drug coverage, you will be disenrolled from this plan.

<sup>1</sup>To learn more about your coverage, please refer to your Benefit Highlights or your Summary of Benefits.

## Ways to save on your prescription drugs

### ✓ **Get a 3-month<sup>1</sup> supply at retail pharmacies**

Most retail pharmacies offer 3 month supplies for some prescription drugs.

Check your UnitedHealthcare pharmacy directory to see if a retail pharmacy offers 3-month supplies noted with a pill symbol. An online pharmacy directory is available at: [www.UHCRetiree.com/LGHIB](http://www.UHCRetiree.com/LGHIB)

To request a printed directory, call Customer Service toll-free at: **1-866-950-6558**, TTY **711**, 8 a.m. – 8 p.m. CT, Monday – Friday

### ✓ **Ask your doctor about trial supplies**

A trial supply allows you to fill a prescription for less than 30 days. This way you can pay a reduced copay or coinsurance and make sure the medication works for you before getting a full month's supply.

### ✓ **Explore lower cost options**

Each covered drug in your drug list is assigned to a drug cost tier. Generally, the lower the tier, the less you pay. If you're taking a higher-tier drug, you may want to ask your doctor if there's a lower-tier drug you could take instead.

### ✓ **Have an annual medication review**

Take some time during your Annual Wellness Visit to make sure you are only taking the drugs you need.

### **The UnitedHealthcare Savings Promise**

UnitedHealthcare is committed to keeping your prescription drug costs down. As a UnitedHealthcare member, you have our Savings Promise that you'll get the lowest price available. That low price may be your plan copay, the pharmacy's retail price or our contracted price with the pharmacy.

<sup>1</sup>Your former employer or plan sponsor may provide coverage beyond 3 months. Please refer to the Benefit Highlights or Summary of Benefits for more information.

## What is IRMAA?

The Income-Related Monthly Adjustment Amount (IRMAA) is an amount Social Security determines you may need to pay in addition to your monthly plan premium if your modified adjusted gross income on your IRS tax return from two years ago is above a certain limit. This extra amount is paid directly to Social Security, not to your plan. Social Security will contact you if you have to pay IRMAA.

## What is a Medicare Part D Late Enrollment Penalty (LEP)?

If, at any time after you first become eligible for Medicare Part D, there's a period of at least 63 days in a row when you don't have Medicare Part D or other creditable prescription drug coverage, a penalty may apply. Creditable coverage is prescription drug coverage that is at least as good as or better than what Medicare requires. The LGHIB currently pays this penalty for you if you are enrolled in this group sponsored plan.

When you become a member, your former employer or plan sponsor will be asked to confirm that you have had continuous Medicare Part D coverage. If your former employer or plan sponsor asks for information about your prescription drug coverage history, please respond as quickly as possible to avoid an unnecessary penalty.

Once you become a member, more information will be available in your Evidence of Coverage (EOC). Your Quick Start Guide will include details on how to access your EOC.

## Call Social Security to see if you qualify for Extra Help

If you have a limited income, you may be able to get Extra Help to pay for your prescription drug costs. If you qualify, Extra Help could pay up to 75% or more of your drug costs. Many people qualify and don't know it. There's no penalty for applying, and you can re-apply every year.

# Getting the health care coverage you may need

## Your care begins with your doctor

- With this plan, you have the flexibility to see doctors inside or outside the UnitedHealthcare network.
- Even though it's not required it's important to have a primary care provider.
- Unlike most PPO plans, with this plan, you pay the same share of cost in and out-of-network as long as they participate in Medicare and accept the plan.
- With your UnitedHealthcare® Group Medicare Advantage plan, you're connected to programs, resources, tools and people that can help you live a healthier life.

## Finding a doctor is easy

If you need help finding a doctor or a specialist, just give us a call. We can even help schedule that first appointment.

### Why use a UnitedHealthcare network doctor?

**A network doctor or health care provider** is one who contracts with us to provide services to our members. We work closely with our network of doctors to give them access to resources and tools that can help them work with you to make better health care decisions. You pay your copay or coinsurance according to your plan benefits. Your provider will bill us for the rest.

**An out-of-network provider** does not have a contract with us. With the UnitedHealthcare® Group Medicare Advantage (PPO) plan you can see any out-of-network provider that participates in Medicare and accepts the plan. You pay your plan's copay or coinsurance. We will pay for the rest of the cost of your covered service(s), including any charges up to the limit set by Medicare. If your provider won't accept the plan, we will contact them on your behalf.

**If a provider refuses to directly bill us**, they may ask that you pay the full allowable amount upfront. In that case, you can pay the doctor and then submit a claim to us. You'll be reimbursed for the cost of the claim minus your cost share.

## Filling your prescriptions is convenient

UnitedHealthcare has over 67,000 national chain, regional and independent local retail pharmacies in our network.<sup>1</sup>

# Take advantage of UnitedHealthcare's additional support and programs

## **Annual Wellness Visit<sup>1</sup> and many preventive services at \$0 copay**

An Annual Wellness Visit with your doctor is one of the best ways to stay on top of your health. With UnitedHealthcare® HouseCalls, you get a yearly in-home visit from one of our health care practitioners at no extra cost. A HouseCalls visit is designed to support, but not take the place of your regular doctor's care.

### **What to expect from a HouseCalls visit:**

- You can talk about health concerns and ask questions that you haven't had time to ask before.
- HouseCalls will send a summary of your visit to you and your primary care provider so they have this additional information regarding your health.

## Prescription Drugs

If the actual cost for a drug is less than the normal cost-sharing amount for that drug, you will pay the actual cost, not the higher cost-sharing amount.

The LGHIB has chosen to make supplemental drug coverage available to you. This coverage is in addition to your Part D prescription drug benefit. The drug copays in this section are for drugs that are covered by both your Part D prescription drug benefit and your supplemental drug coverage. You can view the Certificate of Coverage at [www.UHCRetiree.com/LGHIB](http://www.UHCRetiree.com/LGHIB) or call Customer Service to have a hard copy sent to you.

The LGHIB has also elected to offer additional coverage on some prescription drugs that are normally excluded from coverage on your Formulary. Please see your Additional Drug Coverage list for more information.

If you reside in a long-term care facility, you will pay the same for a 31-day supply as a 30-day supply at a retail pharmacy.

<b>Stage 3: Coverage Gap</b>	After your total drug costs reach \$4,130, you continue to pay the same copay or coinsurance as you did in the initial coverage stage.	
<b>Stage 4: Catastrophic Coverage</b>	After your yearly out-of-pocket drug costs reach \$6,550, you will pay a \$3.70 copay for generic drugs (including brand drugs treated as generic) or a \$9.20 copay for all other drugs.

# Drug List

# Drug List

This is a partial alphabetical list of prescription drugs covered by the plan. This list can change throughout the year. Call us or go online for the most complete, up-to-date information. Our phone number and website are listed on the back cover of this book.

- Brand name** drugs are in **bold** type. Generic drugs are in plain type
- Covered drugs are placed in tiers. Each tier has a different cost
  - Tier 1: Preferred generic
  - Tier 2: Preferred brand
  - Tier 3: Non-preferred drug
  - Tier 4: Specialty tier
- Each tier has a copay or coinsurance amount
- See the Summary of Benefits in this book to find out what you'll pay for these drugs
- Some drugs have coverage requirements, such as Prior Authorization or Step Therapy. If your drug has any coverage rules or limits, there will be code(s) in the list. The codes and what they mean are shown below

---

**PA**  
**Prior authorization**

The plan needs more information from your doctor to make sure the drug is being used correctly for a medical condition covered by Medicare. If you don't get prior approval, it may not be covered.

---

**QL**  
**Quantity limits**

The plan only covers a certain amount of this drug for 1 copay. Limits help make sure the drug is used safely. If your doctor prescribes more than the limit, you or your doctor can ask the plan to cover the additional quantity.

---

**ST**  
**Step therapy**

You may need to try lower-cost drugs that treat the same condition before the plan will cover your drug. If you have tried other drugs or your doctor thinks they are not right for you, you or your doctor can ask the plan for coverage.

---

**B/D**  
**Medicare Part B**  
**or Part D**

Depending on how this drug is used, it may be covered by Medicare Part B or Part D. Your doctor may need to give the plan more information about how this drug will be used to make sure it's covered correctly.

---

**HRM**  
**High-risk**  
**medication**

This drug is known as a high-risk medication (HRM) for patients 65 years and older. This drug may cause side effects if taken on a regular basis. We suggest you talk with your doctor to see if an alternative drug is available to treat your condition.

<b>LA Limited access</b>	The FDA only lets certain facilities or doctors give out this drug. It may require extra handling, doctor coordination or patient education.
<b>MME Morphine milligram equivalent</b>	Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional limit is called a cumulative morphine milligram equivalent (MME), and is designed to monitor safe dosing levels of opioids for individuals who may be taking more than 1 opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.
<b>7D 7-Day limit</b>	An opioid drug used for the treatment of acute pain may be limited to a 7-day supply for members with no recent history of opioid use. This limit is intended to minimize long-term opioid use. For members who are new to the plan, and have a recent history of using opioids, the limit may be overridden by having the pharmacy contact the plan.
<b>DL Dispensing limit</b>	Dispensing limits apply to this drug. This drug is limited to a 1-month supply per prescription.

# Additional Drug Coverage

## Lower-cost Medicare prescription drugs

Your plan covers some of your Medicare prescription drugs at a \$0 copay. The lower tier or copay will apply even if you have not yet met your annual prescription (Part D) deductible.

These drugs are part of your Medicare prescription drug coverage.<sup>1</sup>

Drug Name
Shingles Vaccine

<sup>1</sup>Information about the appeals and grievance process for these prescription drugs can be found in your Evidence of Coverage.

## **Bonus Drug List**

The LGHIB offers a bonus drug list. The prescription drugs on this list are covered in addition to the drugs on the plan's drug list (formulary).

The drug tier for each prescription drug is shown on the list.

Although you pay the same copay for these drugs as shown in the Summary of Benefits and Evidence of Coverage, the amount you pay for these additional prescription drugs **does not apply to your Medicare Part D out-of-pocket costs**. Payments for these additional prescription drugs (made by you or the plan) are treated differently from payments made for other prescription drugs.

Coverage for the prescription drugs on the bonus drug list is in addition to your Part D drug coverage. Unlike your Part D drug coverage, you are unable to file a Medicare appeal or grievance for drugs on the bonus drug list. If you have questions, please call Customer Service using the information on the cover of this book.

If you get Extra Help from Medicare to pay for your prescription drugs, it will not apply to the drugs on this bonus drug list.

This is not a complete list of the prescription drugs available to you or the restrictions and limitations that may apply through the bonus drug list. If your drug has any coverage rules or limits, there will be code(s) in the "Coverage Rules or Limits on use" column of the chart. The codes and what they mean are shown below. If you have questions about drug coverage, please call Customer Service using the information on the cover of this book.

### **QL - Quantity limits**

The plan only covers a certain amount of this drug for one copay or over a certain number of days. These limits may be in place to ensure safe and effective use of the drug.

### **MME - Morphine milligram equivalent**

Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional limit is called a cumulative morphine milligram equivalent (MME), and is designed to monitor safe dosing levels of opioids for individuals who may be taking more than one opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.

### **7D - 7-Day limit**

An opioid drug used for the treatment of acute pain may be limited to a 7-day supply for members with no recent history of opioid use. This limit is intended to minimize long-term opioid use. For members who are new to the plan, and have a recent history of using opioids, the limit may be overridden by having the pharmacy contact the plan.

### **DL - Dispensing limit**

Dispensing limits apply to this drug. This drug is limited to a one-month supply per prescription.

# Statements of Understanding

**By enrolling in this plan, I agree to the following:**

- ✓ **This is a Medicare Advantage plan insured through UnitedHealthcare Insurance Company or one of its affiliated companies who has a contract with the federal government. This is not a Medicare Supplement plan.**

I need to keep my Medicare Part A and Part B, and continue to pay my Medicare Part B and, if applicable, Part A premiums, if they are not paid for by Medicaid or a third party. To be eligible for this plan, I must live in the plan's service area and be a United States citizen or be lawfully present in the U.S.

- ✓ **The service area includes the 50 United States, the District of Columbia and all U.S. territories.**

I may not be covered while out of the country, except for limited coverage near the U.S. border. However, under this plan, when I am outside of the U.S. I am covered for emergency or urgently needed care.

- ✓ **I can only have one Medicare Advantage or Prescription Drug plan at a time.**

- Enrolling in this plan will automatically disenroll me from any other Medicare health plan. If I disenroll from this plan, I will be automatically transferred to Original Medicare. If I enroll in a different Medicare Advantage plan or Medicare Part D Prescription Drug Plan, I will be automatically disenrolled from this plan.
- I understand that I need to inform UnitedHealthcare if I have prescription drug coverage or if I get prescription drug coverage from somewhere other than this plan.
- Enrollment in this plan is for the entire plan year.

- ✓ **If I did not have prescription drug coverage, I may have to pay a late enrollment penalty.**

This would apply if I did not sign up for and maintain creditable prescription drug coverage when I first became eligible for Medicare. This penalty is currently paid for you if you are enrolled in this group sponsored plan.

- ✓ **I will receive information on how to get an Evidence of Coverage (EOC).**

- The EOC will have more information about services covered by this plan. If a service is not listed, it will not be paid for by Medicare or this plan without authorization.
- I have the right to appeal plan decisions about payment or services if I do not agree.

- ✓ **My information will be released to Medicare and other plans, only as necessary, for treatment, payment and health care operations.**

Medicare may also release my information for research and other purposes that follow all applicable Federal statutes and regulations.
