

MyPrime.com makes it easy to compare costs for medicines and find the nearest in-network pharmacy.

MyPrime.com Member Experience

Accessing MyPrime.com through myBlueCross single sign on (SSO):

1. Register or log in to myBlueCross account at **AlabamaBlue.com**
2. Click on the **Pharmacy tab** shown at the top of the page
3. Select **Prescription History** under the *Prescription Resources* heading
4. A new browser tab will open the corresponding webpage on the Prime Therapeutics website

MyPrime.com site features:

- **Search for medicines** – perform medicine searches by drug name or condition
- **Find a pharmacy** – search for retail pharmacies, which can be found through a city, state or zip code search
- **Compare pricing** – select a retail pharmacy to view pricing information
- **Review drug interactions** – access the medicine details page for clear coverage information, generic equivalents, information on therapeutic alternatives and more
- **View claims history** – review details including cost, plan paid and out-of-pocket expenses and date range
- **Review plan information** – learn about specialty pharmacy options as well as frequently asked questions and definitions
- **Customize preferences** – register account to set communication preferences and delivery method
